

Present your company directly to dedicated Danish investors

Every year, the Økonomisk Ugebrev hosts several Investor Conferences. At every conference, about five companies – typically all listed on a Nordic stock exchange – get the opportunity to present their business case.

The dates for 2024 are the following:

28 February · 20 March · 17 April · 15 May · 12 June · 28 August · 25 September · 30 October · 27 · November

This is how the day looks

The agenda starts with a short overview of the current market, followed by five, 20-minute company presentations, and 10-minute Q&As. The conference typically starts from 1:30PM to 6PM.

Price

The price for a company presentation is DKK 21.000,- + tax. If the company is subscribed to the newsletters ØU Life Science or ØU Pro (which is the subscription that covers our entire platform), there will be a DKK 1.500,00 discount, amounting to a price at DKK 19.500,00 + tax.

Video recording

At each conference, we record all lectures as well as Q/A on video. The day after the links to the videos are sent to the individual speakers and to all our readers.

Questions

Usually the curiosity is great among the audience - and the questions are extremely relevant. However, we have typically two analysts at the conferences.

Place

The Investor Conference takes place in Symbion at Oesterbro and accessible approx. 20 minutes from Copenhagen Airport.

Attendees

There will be about 50 attendees each conference, primarily consisting of private investors as well as institutional investors. The private investors in particular are among the readers of our newsletters, and are known to spend a lot of time and money into investing. Our latest survey to our readers, it revealed that:

13% invest under 1,000,000 DKK.

58% invest between 1-10,000,000 DKK.

25% invest between 11- 50,000,000 DKK.

5% invest over 50,000,000 DKK.
